

PRASHANT KUMAR

Software Engineer

Delhi NCR, India | +91 91557 29247 | prashantsin2gh@gmail.com | linkedin.com/in/prashantkumar-sde

PROFESSIONAL SUMMARY

Software Engineer with 3 years of experience building scalable web applications with strong focus on frontend development using React.js, TypeScript, and modern JavaScript. Experienced in responsive dashboards, reusable component systems, and RESTful API integration. Comfortable with Node.js backend, PostgreSQL, and Firebase. Currently upskilling in AI-powered applications while exploring new opportunities.

TECHNICAL SKILLS

Frontend: React.js, TypeScript, JavaScript (ES6+), Redux Toolkit, React Hooks, Tailwind CSS, HTML5, CSS3, Responsive Design

Backend: Node.js, Express.js, REST APIs, Firebase, PostgreSQL, Authentication, JWT

Tools & Additional: Git, GitHub, Docker, Postman, Vercel, Golang (exposure), CI/CD, Agile

PROFESSIONAL EXPERIENCE

Software Engineer | Indic Arena Technology Pvt. Ltd., Noida | July 2023 - November 2025

- Built responsive web applications using React.js, TypeScript, and Tailwind CSS with reusable component architecture and Redux Toolkit state management
- Developed admin dashboards with data visualization, filtering, pagination, and export features handling thousands of records
- Integrated RESTful APIs with error handling, loading states, and validation improving application reliability
- Worked on backend integration with Node.js and Express.js including authentication flows and database operations
- Collaborated on microservices project with Golang backend, gaining exposure to service communication patterns
- Optimized frontend performance through code splitting and lazy loading reducing initial load times by 35%
- Implemented Firebase integration for real-time synchronization and PostgreSQL query optimization for better performance

PROJECTS

NextRound AI - AI-Powered Interview Preparation Platform (*Personal Project*)

Tech: React.js, TypeScript, Node.js, PostgreSQL/Firebase, Tailwind CSS, AI APIs

Building AI-powered platform for interview preparation with AI mock interviews, job tracking dashboard, learning roadmap generator, and resume analysis. Architected scalable frontend with modular components and efficient state management.

Namasvi Nexus - Event Management Platform

Tech: React.js, TypeScript, Node.js, Golang, PostgreSQL, Docker

Built admin dashboard with React.js and TypeScript for user management and analytics. Gained exposure to Golang backend integration with microservices APIs. Developed reusable component library for data tables and charts. Implemented real-time updates with WebSocket integration.

MaidEaze - Service Booking Platform

Tech: React.js, TypeScript, Firebase, Node.js, Tailwind CSS

Developed full-stack booking platform with role-based interfaces for customers, service providers, and admins.

Implemented Firebase Authentication and real-time database synchronization. Built responsive UI with Tailwind CSS and booking workflow with multi-step forms.

Elympiad - Real-Time Quiz Platform

Tech: React.js, Node.js, WebSocket, PostgreSQL

Built real-time quiz interface with live leaderboard using WebSocket integration. Developed Node.js backend APIs for quiz management and scoring. Implemented efficient rendering with virtual scrolling for large participant lists.

EDUCATION

Master of Computer Applications (MCA) | Lakshmi Narain College of Technology | 2021 - 2023

Bachelor of Science in Mathematics | BRABU University | 2016 - 2019
